Thank you from David Fuge

Thank you to everyone for your kind wishes and the financial gift I was given from the church to mark the 50th Anniversary of my first service playing the organ at St. Andrew's. I would also like to thank Dominic Combe who generously provided the funds for the new adjustable organ bench in memory of his parents and to also acknowledge my five decades of music making here. It has already proved popular with guest organists of varying heights and, as I get older and shorter, I can lower it so that I can still reach the pedals!

Creative Fridays Group

On **Friday 6th November** between **9:30am and 11am** we will be making natural votive candles in Church Gate House hall. Materials will be provided and all are welcome.

Unwanted Foreign Coins and Notes

During November, we will be collecting any unwanted foreign coins or notes (current or out of date). Please can you search through your pots, jars, and old biscuit tins for all those coins and notes you may have picked up on holiday or business trips and will never use again. Bring them to the church and put them in the notes or coins buckets. At the end of November, we will take the foreign currency to a company in Datchet who will exchange them all for UK Sterling which we can use as a contribution towards reducing our deficit!

🌿 Eco Tip: A little preparation, a lot of kindness

The Government recommends keeping three days' of essential supplies at home, as a sensible precaution should an emergency arise. There's no need to worry or rush out to buy things. Just look at what you already have and build up a little extra of the nourishing foods you enjoy and use regularly. Remember to eat older supplies first to avoid waste, and allow three litres of drinking water per person per day. It's also a lovely opportunity to look out for one another. Why not check in with a neighbour who might appreciate a little reassurance or help? Small acts of kindness can make such a difference. By preparing thoughtfully, wasting less and caring for one another, we can help build a kinder, more resilient community.
